All classes at Chittenango Middle School can be accessed through the Schoolology Platform!

Parent Access

- **If you choose to SIGN IN you will be able to see:**
 - Your child's courses and assignments
 - Your child's submissions
 - Schoolology assignment feedback/grades
- **If you choose NOT to SIGN IN:**
 - You will still receive notifications and weekly summaries in your email
 - ****You will NOT** receive summaries or notifications if we do not have your correct email address in SchoolTool

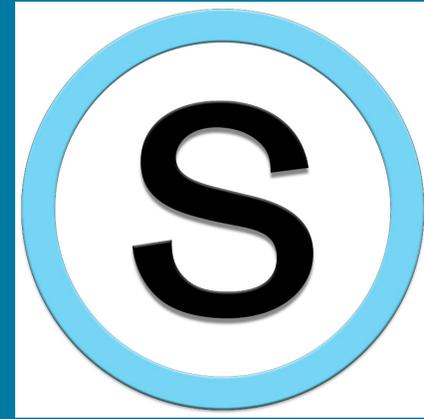

SCHOOLTOOL VS. SCHOOLOGY

SchoolTool is utilized to publish official grades throughout each grading period.

Not every activity in Schoology is counted toward a student's average.

For that reason, please refer to SchoolTool for accurate grades/averages.

Schoology is the online classroom environment.

It is used by teachers to deliver course content, assign and collect work, and provide feedback/grades.

It also has the capability to allow for communication between students, parents, teachers, and counselors.
