

CELEBRATIONS THAT SUPPORT CHILD HEALTH

Schools and afterschool programs need to provide consistent messaging around healthy eating to avoid sending youth conflicting messages. While celebrations can include healthy foods, they can also provide opportunities for kids to play and enjoy music, dance, games, sports and other activities.

FOLLOW THESE STEPS TO CELEBRATE IN A HEALTHY WAY AT YOUR SCHOOL OR SITE:

- 1** Write or update your district or site wellness policy to include language about healthy celebrations
- 2** Survey staff, students and families to identify successful healthy celebration options and share the results with the school community
- 3** Promote the new policy through the school's website, social media accounts, newsletters and/or bulletin boards
- 4** Send letters to parents explaining the policy change and why it is important. Include a suggested healthy snack list for food parents send to school
- 5** Share what's working at staff meetings to encourage your peers

There are many examples of celebrations that meet both kids' and the Alliance's approval. On the next page you'll find a few of our favorites.
