

# MEET THE teacher

hello   
my name is

Ms. Rudd

me

This is my 6th year teaching 4th grade at Bolivar Road Elementary! I will be teaching you ELA, Social Studies, and Science this year! You will switch to a different classroom for math. How exciting!

my family

I have a son and daughter that have both graduated from Chittenango! I also have THREE dogs, a cat, and a turtle at home.

message

4th grade is SO much fun! You will see progress in your reading and writing, you will learn about the Haudenosaunee, you will use electrical circuits, and you will learn more about division and fractions. Keep practicing your math facts over the summer. I'll see you in September!

favorites
